

Payment Policies

- If you have health insurance, you must present a valid insurance card at time of service. We will file with your insurance carrier, but you will be responsible for any portion that is the patient's responsibility.
- You are required to pay in full for you portion of the office visit charge at time of service; including copays, deductibles, charges for non-covered services, etc. We accept cash, check, and major credit cards.
- If you have no insurance, or are unable to pay in full your portion of the charge, the practice may offer to accept a partial payment and set up a Payment Plan with you for the remainder. If so, it is your responsibility to meet the terms outlined in the Payment Plan.
- The person who brings the child to the visit is responsible for any payment due.
- Each month, a statement will be sent to you for any unpaid balances. It is your responsibility to pay that amount promptly. If you have questions, please call the number listed on the statement.
- Failure to pay the unpaid balances on the statement may result in your account being turned over to a collection agency.
- Continued failure to meet the terms of a Payment Plan set up between you and the practice could result in eventual dismissal from the practice.
